

American Institute of Aeronautics and Astronautics

# ***Pre-College Events***

If you've ever wanted to get involved with the engineers of tomorrow, then check out these opportunities below. Most of the events are in the Clear Lake area and are quite rewarding for the small amount of time you invest. If you are interested in volunteering or just want some more information for your own kids then contact Joy Conrad at (281) 480-4101 x220.

**October 21, 2000**

## **Physics is Fun (Hosted by AIAA)**

Show quick and easy science demos to elementary and middle school kids. Create your own demo or use one that's already been developed.

**October 28, 2000**

## **Kite Day**

Kids learn some basic aeronautics in George Bush Park out in Katy.

**January 2001**

## **FIRST Robotics Competition**

Use hands-on engineering to help high school students build a robot to compete with others in national competitions.

**January 2001**

## **Future City Design Competition**

7th and 8th graders use SimCity™ computer software to design futuristic cities.

**February 2001**

## **Mars Settlement Design Competition**

Industry simulation weekend for high school students to design a futuristic Mars community.

**February 18-24, 2001**

## **National Engineers Week**

Visit classrooms around the Houston area.

**March 23, 2001**

## **Science and Engineering Fair of Houston**

Judge middle and high school projects to select AIAA prize winners.
